

Running to change lives

JOIN TEAM CSI FOR THE TC 10 MILE ON OCTOBER 6

Please share this email with anyone you know who may be interested in joining as we are hoping to fill our team as soon as possible.

We need **12 more runners** to run the TC 10 Mile on October 6 on Team CSI. As part of the team, you'll be making a positive impact for children and communities in need of specialized care.

Every Team CSI runner receives a running bib, team running shirt, individual fundraising platform, swag and more. There is a minimum fundraising commitment of \$750 per runner.

To begin the sign up process, [fill out our 2024 entry form here](#).

Unable to run the TC 10 mile but interested in running the 5k, 10k or marathon during Medtronic Marathon Weekend instead? Runners participating in other runs taking place during the October 4-6 weekend are still able to fundraise for CSI in an unofficial capacity! CSI does not offer running bibs for any races aside from the TC 10 Mile and will not have a physical cheering presence for other races; however, runners participating in other distance runs can still sign up to fundraise for CSI and receive a team running shirt. Contact info@childrensurgeryintl.org if interested.

A refresher on Children's Surgery International (CSI):
CSI provides free pediatric medical and surgical services, along with professional education and training, to communities in need around the world. Our vision is to reduce global health care disparities by helping communities obtain the knowledge, skills and tools to provide life-changing surgical and medical care for children.

Thank You!
